ENCLOSURES

INTRODUCTORY **WORD**

Dear customers and business partners,

You hold in your hands the new catalogue of swimming pool and spa enclosures from Pool and Spa Enclosures LLC - member of IPC Team. IPC Team as the leading company of suppliers in this field, is proud to present to you our extended range of models.

You, our customers, represent an inexhaustible source of inspiration for us in our innovation of further products. Our professional team of architects and designers is ready to transform your wishes and requirements into reality.

We approach every product which we manufacture for you with the greatest of care, taking into consideration the dimensions of your swimming pool or patio, the spatial design and also your feeling for aesthetics. Thanks to our everyday experience and constant checks on the whole manufacturing process, we are able to push the boundaries of the technical, design and safety properties of our enclosures. We not only keep pace with the global trends, but make a major contribution towards shaping them.

The development of enclosures has undergone fundamental changes in recent years. We have created unique technical designs as well as technological patents which we use as standard in production. This gives you – the users – the certainty that an investment made into buying a enclosure manufactured by us will pay off and provide you with many happy moments.

The range of enclosures in many different colors and designs is represented by the POOL program for covering swimming pools, the SPA program for covering hot tubs and the HOME program for variable enclosure systems which includes enclosures suitable for swimming pools that are located near or directly next to a house or wall. Our sales department and technicians are available to answer your questions, to provide specialist help or advice even if you require an individual solution to transform your ideas into reality.

Comprehensive customer care, presales and aftersales service are a priority for us. We are not only a development and manufacturing business, but also consultants and advisors, here to help you complete your home – a place where you can feel safe and comfortable.

I am certain that this catalogue will help you to make your decision and transform your wishes into reality.

Dear customers,

Thank you for the confidence you show in us and thank you for putting your faith in our original products for more than 20 years.

Jan Zitko
Chairman of the Board, ALUKOV a.s.
President, IPC Team

PATIO ENCLOSURE **CORSO™**

The sliding Corso enclosure is the ideal solution for expanding the covered area of your terrace or enclosing a pool near a building. You can use your terrace fully even in poor weather and all year round. Elegant and bespoke construction, long lasting materials, reliable rails and great service all prove that an enclosure from Alukov is the best choice. Thanks to enclosure's greenhouse effect the entire house benefits from a reduction in loss of heat.

WHY TO CHOOSE THE **CORSO™** SLIDING ENCLOSURE

- **CORSO™** adds a new dimension and space to your home, comfortable and safe whatever the weather.
- **CORSO™** can be adapted to your unique terrace size, colour and shape.
- **CORSO™** is made of high quality materials that will last you more than 20 years.
- **CORSO™** can be upgraded with many additional features – shading, mosquito protection, special entrance for pets, 'air flow' windows etc.
- **CORSO™** has passed stringent testing against extreme windy conditions and holds several international safety certificates.
- **CORSO™** will protect your terrace and house wall surface from the effects of wind and also save money on the household heating bills.
- In the winter months you can use **CORSO™** for storage of your seasonal garden furniture.
- **CORSO™** is a champion and has won numerous awards at international exhibitions.
- Every **CORSO™** enclosure includes a free consultation with professional measuring.

PATIO ENCLOSURE CORSO™ GLASS

TECHNICAL DETAILS

Enclosure maximum width and height is dependent on wind and snow loads in your area. We offer various sizes of aluminum profiles to sustain required loads.

GLAZING

Safety glass CONNEX 33.1 in both free standing end pannels. Safety glass CONNEX 44.1 in the roof.

PATIO ENCLOSURE **CORSO™** ULTIMA, ULTIMA R

NEW!

Our new model of terrace enclosure is called **CORSO™** ULTIMA. It is a meticulously designed, clean enclosure with straight lines, surfaces and large glass panels that make the space look even bigger. It is custom designed to meet the needs of even the most demanding requests. Side parts of **CORSO™** ULTIMA have minimum pillars ensuring a perfect view and a perfect connection with your garden. Our designers follow the most recent fashionable trends in modern architecture and because we listen to the feedback of our customers, we put these characteristics into the new enclosure and named it **CORSO™** ULTIMA. We have also ULTIMA R version with stronger roof construction that allows to make wider enclosure up to 6 meters. This type is especially good for restaurant gardens, cafes, hotels and other public places.

WIDTH

6ft 7" - 13ft 9"

HEIGHT

7ft 9" - 9ft 10"

LENGTH

Are optional.

GLAZING

Safety glass CONNEX 33.1. in two freestanding end panels and in sides. The roof section is filled with 6mm compact polycarbonate.

PATIO ENCLOSURE CORSO™ PREMIUM

TECHNICAL DETAILS

Enclosure maximum width and height is dependent on wind and snow loads in your area. We offer various sizes of aluminum profiles to sustain required loads.

safety features

Our unique Easy Up locking system is built into the aluminium profile, securely locking the top and bottom of the segment.

Roof glazing is fitted with UV stable* and hailstone resistant polycarbonate which comes with a 15 year guarantee as standard.

* PC glazing will not change color or get brittle

EASY UP PLUS

Features a safe, easy-to-use, waist-height locking system that prevents the risk of back injury from bending down to move each segment. Safer against strong wind.

ACCESS FOR PETS

Gives your pet a separate lockable entrance through which it will run out or come back to the terrace whenever it wants.

INTEGRATED SHADING SYSTEM

Alukov offers a unique shading system as a protection from the sun. Shading is available in the roof and sides.

PATIO ENCLOSURE **CORSO™** HORECA

SOLUTION FOR BUSINESSES

MAXIMIZE YOUR REVENUE

Do you have a pub, restaurant or coffee shop with an outdoor area that only gets used by customers during the summer or never gets used at all? Would you like to make use of that outdoor area with happy paying customers for all year long? Well you can with a **CORSO™**.

CORSO™ enclosures will attract new customers as well as old into your establishment. **CORSO™** enclosures take customers outside, secure and protected from the elements by their transparent structure. **CORSO™** enclosures are easy to maintain. **CORSO™** comes with a choice of 5 different color profiles. **CORSO™** enclosures offer a wonderful Return Of Investments.

Your customers will love the **CORSO™** especially during warm days, as they will literally be able to take the roof off.

BENEFITS

- Extended use of outdoor space (all year long)
- Protects your customers from adverse weather conditions
- Fully lockable, safe and secure
- Attractive environment for clients
- Eliminates noise and dust pollution
- Easy slide and glide system
- Fast return on investment

CORSO™ HORECA

TELESCOPIC PATIO ENCLOSURE **CORSO™**

IDEAL SOLUTION FOR PATIOS AND BALCONIES

OPTIONS

Every **CORSO™** enclosure is tailor made to each client's needs.

CONSTRUCTION

Enclosures are made of aluminium profiles available in seven colors (silver, white, beige, charcoal, bronze, cobalt blue and wood effect). Glazing used in the structure is either safety glass or polycarbonate.

REDUCING HEATING COST

Polycarbonate and safety glass properties minimize heat loss within the structure. With easy slide and glide segments, the **CORSO™** is ideal for all weather conditions. The design of the **CORSO™** also forms a protective insulation barrier to any adjoining building.

EASY AND QUICK INSTALLATION

All our installation engineers are fully trained. Our installation engineers will endeavour to complete your installation within the shortest possible time, with the minimum amount of disruption and fuss.

DURABILITY

The structure is made from grade A quality non-corrosive aluminium as standard. The structure is powder coated forming a protective barrier around the profiles.

EASY TO MAINTAIN

Aluminium structure can be washed with water, doors, lock and locking systems needs to be oiled once or twice a year (WD40 or similar), if safety glass is used clean as you would your home windows.

SUN SHADE

Sun shade blinds available on request.

PLEASURE

- 
EXTENSION OF THE SEASON - extend the usage of your outdoor area by an additional 5 months (2 months in autumn and 3 months in spring). With a mild winter or outdoor heating can even be for the whole year!
- 
ENERGY SAVING - 'greenhouse effect' heats up the glass terrace and saves on heating costs.
- 
ENTRANCE FOR PETS - option of adding an extra entrance for your house pets.
- 
COMFORT - closed enclosure enables you to be in it even in the wind and rain.
- 
FROST PROTECTION - the enclosure will protect your terrace from frost.
- 
PROTECTION FROM THE SUN - option of additional shielding system or tinted polycarbonate.
- 
MOSQUITO NET - option to provide the enclosure with protection against insects.
- 
EASY SLIDING - even a child can move the segments thanks to a system utilising stainless steel wheels.
- 
EASY CLEANING - glass or polycarbonate is safe to wash with normal household cleaning products.

AESTHETICS

- 
TECHNOLOGY - we hold several technological patents and we are continually investing in new product development.
- 
BESPOKE - each enclosure is made to measure, according to the customer's exact requirements.
- 
FEATURED GLASS - certain enclosures allow for the choice of polycarbonate or preferred glass to enable even easier maintenance and optimal heating.
- 
DESIGN - choice of square or rounded designs.
- 
SEALING - 'labyrinth sealing system' to avoid leaks in and prevent the scratching of polycarbonate.
- 
VENTILATION - optional extra ventilation windows.

SAFETY

- 
PROTECTION OF PEOPLE AND POSSESSIONS - complete locking system to allow extra security from theft of belongings
- 
HEAVY-DUTY BUILT - assures that snow will not trouble you.
- 
EXTRA SPACE - additional outdoor social space.
- 
DISABLED FRIENDLY - customisable accessibility features.
- 
BARE-FOOT FRIENDLY FLOOR RAILS - safe, low rails.
- 
UV PROTECTION - dual-sided polycarbonate UV stabilisation protects skin from the negative influence of UV rays.
- 
POLYCARBONATE - hailstone resistant.
